- Discovering seven different types of musical instruments and learning to play them in Music and Movement
- Stopping to focus on mindfulness, breathing and physical movements to reap the health benefits of yoga
- Building courage, confidence, and character to make the world a better place with Girl Scouts

- Learning basic kitchen prep skills and nutritional cooking with the UMass Extension Nutrition Education Program
- Exploring community service learning and how you can make a difference in your school and community with the Exchange Club of Lawrence in the Excel Club
- Expanding knowledge of science, technology, engineering, arts and math in Steam

We are excited to be a part of the Tarbox school community and we look forward to sharing all the exciting things our students learn throughout the year!

About Our Programs

Community Day Learning (Community Day Care), is a program of The Community Group. CDA Beyond After School Enrichment Program represent a partnership between Community Day Learning and Lawrence Public Schools. Through our early learning centers and network of home care providers, Community Day Learning offers continuity of care from infancy through 12 years. Students enrolled in our infant/toddler program may progress to a preschool/kindergarten program to a school age program. This continuity of care in our high quality programs can be an important factor in the positive development of our students.
